## 1 Safety Rules

The shooting range is a safe place, provided that safety rules described here are followed. Every archer should know and observe these rules. We also expect archers to ensure others abide by these rules.

130 Archers violating these rules may be removed from the shooting range.

### A. General

1. Archers must at all times use common sense and observe the safety of everyone.
- 135 2. All archers must immediately follow safety related instructions from supervisors. The correctness of such instructions is not open for discussion until the instructions have been complied with.
3. Inexperienced archers are only allowed to shoot under supervision, and should strictly follow all instructions from their supervisors. Experienced archers are allowed to shoot unsupervised.
4. Aiming a bow at persons or animals is strictly forbidden (even without an arrow on the bow).
- 140 5. When drawing and/or shooting the bow, the angle of the arrow with the ground (elevation) may never exceed 30°. Shooting straight up is strictly forbidden.
6. A drawn bow without an arrow on it may never be released. Doing so may cause the bow to shatter, causing injury and/or damage.

### B. Shooting protocol

- 145 1. Bows may only be drawn at the shooting line, and only when aimed in the direction of the targets. This also holds when there's no arrow on the bow.
2. Arrows may only be placed on the bow when at the shooting line. The arrow tip must always be pointed in the general direction of the targets, or the ground.

3. Archers may only take place at the shooting line when there is no person downrange of the shooting line **and** (for the indoor range) the back door is closed. Until that time, they must wait behind the waiting line.
4. During shooting only active archers and supervisors may be at the shooting line. Everyone else, including archers who finished shooting, must wait behind the waiting line.
5. If, during shooting, anyone is found to be downrange of the shooting line, or (for the indoor range) the backdoor is found to be open, all archers will immediately stop shooting. Shots are aborted, not finished, and the arrows must be removed from the bows.
6. When all archers have finished shooting, everyone may fetch their arrows collectively.

## C. Ranges

1. There may be no objects (such as targets or scoring boards) on the floor within 3 meters of the target wall.
2. There will be no running, jumping, pushing, etc. on the range. Reckless behaviour is prohibited.
3. Bows should be put in the designated areas, or in the bow rack.
4. Spectators are not allowed downrange of the waiting line, unless explicitly permitted by supervisors.

## D. Outdoor range

1. Archers are required to wear closed shoes on the outdoor range to protect against obscured arrows stuck in the grass.
2. Archers who are shooting on the outdoor range must pay extra attention that all archers have returned after fetching their arrows, including those shooting at the 70 or 90 meter targets.

# 2 General

## 2.1 Goal and Scope of the House Rules

These House Rules supplement the Bylaws with regards to rules and conditions contributing to the day-to-day functioning of the association. Members (including the board) and Recreationists are tasked with knowing the contents of this document and following the described rules, which will be surveyed by the board.

## 2.2 Behaviour

The NHB provides additional regulations regarding behavior and rules at competitions, which have to be followed by all archers at NHB competitions. Further regulations about safe behavior on the shooting range, as well as general competition rules, are part of the Contest Rules and the Safety Rules. Archers are always required to behave in accordance to the Safety Rules, which the board and trainers will survey.

Members and Recreationists are obliged to try and keep the association going as best they can and are obliged to behave appropriately and to not embarrass Da Vinci (as long as they are in direct association with Da Vinci).

While not mandatory, assistance at and supporting activities organized by the association is appreciated.

### 2.3 Clothing Rules

At regional and team competitions, organized by the NHB, (non-External) Members are required to wear a club shirt, together with a black pair of pants without any markings. This rule also applies if one is representing Da Vinci, for instance during the intro, the Beginners' Course or at another competition where one is using the Da Vinci name, or present with a larger team from Da Vinci. At NHB competitions, the NHB regulations for clothing should be followed as well (and thus black jeans are not allowed).

### 2.4 Incorporation of the Association

The association is incorporated at the Kamer van Koophandel under number 17174167. The association is also a member of the ESSF, based at the SSC, and the NHB under number 1364.

### 2.5 Changes to the House Rules

Proposals to change the House Rules shall be submitted at least 14 days in advance of the next GA by at least three Members, or the board. An overview of these changes will be communicated by written notice by the board at least 7 days in advance of the GA. Proposed changes to the House Rules will only go into effect after they have been approved by the GA. Changes in the Safety Rules can be implemented directly by the board, without GA approval, as they improve safety. Changes to the Safety Rules have to be discussed in the next GA.

### 2.6 Validity of the House Rules

The House Rules will be declared invalid upon dissolution of the association, or when the Bylaws are changed. Upon changing of the Bylaws, the House Rules have to be re-approved to make sure that they are not alien to the Bylaws. The House Rules should be checked at least once a year for inconsistencies with day-to-day rules, and updated if necessary. New rules decided upon by the GA should also be added to the House Rules.

### 2.7 Availability of the House Rules

At least one printout of the House Rules and Bylaws should always be present at the training location. Every Member and Recreationist is entitled to review these regulations, to make sure that nobody can claim unfamiliarity with these rules. The House Rules and Bylaws should also be available on the E.S.H. Da Vinci website.

### 2.8 Fines and Suspensions

Whenever an Archer infringes upon one or more articles from the Bylaws, House Rules or Safety Rules or in case of infringing upon regulations based on the rules described in these documents, the board can punish the violator with a fine and/or suspension. The severity of this measure will be determined depending on the specific infringement. In case of disagreement between the board and the violator, the matter will be mediated by a GA.

### 2.9 General Assembly

#### 2.9.1 Organization

The board is obliged to, as stated in the statutes, organize a GA at least once every year. The board shall provide an agenda and invitation and send these together with the announcement of the date of the GA. The GA is convened by written notice to the persons entitled to vote within a period of at least seven days.

### 2.9.2 Voting

The voting or poll takes place as a rule by show of hands and only in person. If the board, or at least one Member or Recreationist deems it desirable, the chairman may decide to a written vote or poll, in accordance to Bylaws Section 12.4. If a vote or poll concerns people (for instance the choosing of a new board), it shall always be a written vote.

In the event of a written vote, the chairman designates a voting committee consisting of two members. The board provides authenticated voting papers. The numbers of voting papers handed in must be equal to the numbers of voting members present. The committee counts the votes and checks the validity of the votes. The committee will announce the result of the vote to the GA.

A voting ballot shall be declared invalid in case of the following: it is signed, it is not marked by the board, inreadable or if it contains a choice that was not part of the set of choices that is currently being voted on.
